Egabo Aaron

Software Engineering Student | Full-Stack Developer | Technical Project Manager

Kampala, Uganda | +256 772 270 027 | aaronegabo@gmail.com | linkedin.com/in/egaboaaron | www.egaboaaron.me

SUMMARY

I am a Software Engineering student and startup co-founder passionate about building practical software that solves real-world challenges. From leading technical teams and co-founding a student-led IT firm to launching campus tech initiatives and competing nationally, I bring a hands-on approach to creating user-focused applications. Grounded in strong engineering fundamentals and clear communication, I enjoy turning complex ideas into functional tools while mentoring and building with developer communities across Uganda.

EDUCATION

Cavendish University Uganda | *BSc Software Engineering (Year 2); GPA 4.70 / 5.00, Dean's List* — Expected Aug 2029

Uganda Martyrs SS Namugongo: UACE (PCM/ICT), 14 points; UCE, 11 aggregates — 2018 – 2024

EXPERIENCE

RENOA | *Co-Founder and Technical Project Manager* — Apr 2026 – Present

- Co-founded a student software consultancy; run client requirements, sprint planning and delivery across teams.

LEADERSHIP AND COMMUNITY

Technical Lead, CUU Computing Students Association; led its inauguration, Nov 2026 — Sep 2026 – Present

Ambassador and Executive, IEEE CUU Student Branch; IEEE CS SYP Micro-Mentoring ambassador — Sep 2026 – Present

Program and Project Manager, AWS Student Builders Initiative — Oct 2026 – Present

Student Ambassador, Black Python Devs — Sep 2026 – Present

Social Media Team Lead, DevFest Kampala 2026, GDG Cloud Kampala — Nov 2026

PROJECTS

DaktariScribe | *Lead Architect* | TypeScript, Next.js 16, Neon Postgres, Drizzle, Clerk — Aug 2026 – Present

- Built an AI clinical scribe: offline voice, text or file notes transcribed by AssemblyAI or Sunbird AI for sign-off.
- Added checks against invented doses and dropped negations, AES-256-GCM encryption, and CI with OWASP ZAP.

MedSwift | *Systems Architect and Lead Developer* | JavaScript, PWA, Gemini API, OpenRouter, Dexie — Apr 2026 – Present

- OCR and a Gemini/OpenRouter fallback chain identify drugs, checked against six datasets; works offline.

e-Vote | *Technical Lead, capstone* | TypeScript, Next.js 16, Supabase, Clerk — Jul 2026 – Oct 2026

- Led a campus voting PWA with offline-first sync, five role-based areas, Row Level Security and ballot receipts.

IEEE CUU Student Branch | *Web Developer* | TypeScript, Next.js, Tailwind CSS, Canvas 2D — Sep 2026 – Present

- Built the branch website (server-side Kampala-time events, rate-limited forms) and a Canvas 2D badge generator.

Sautika | *Lead Conceptual Developer* | Next.js, MongoDB, Dexie, Sunbird AI — Oct 2026 – Present

- Built for the Agentic Africa Challenge 2026: a voice-first study assistant with audio lessons in Swahili and Luganda.

ESMS (University Management System) | *Database Architect* | TypeScript, Next.js 14, Supabase — Apr 2026 – Present

- Designed a 3NF PostgreSQL schema of the university's academic hierarchy; built Admin, Staff and Student portals.

YEP: Youth Empowerment Platform | *Developer, Java OOP course* | Java 17, Maven, Docker, Render — Nov 2026

- Built a youth skills platform in plain Java with no frameworks: auto-marked quizzes, team milestones, certificates.

HONORS, SPEAKING AND COMPETITIONS

National Finalist, Cloud Track, Huawei ICT Competition; HCIA cloud, big data and AI training — Sep 2025 – Jan 2026

Featured Speaker, UNESCO and Smart Digital Africa webinar; Uganda's Data Protection and Privacy Act — Jul 2026

Uganda Delegate, GopherCon Africa 2026, Nairobi — Oct 2026

Exhibitor, Appropriate Technologies Expo; presented MedSwift and EcoFarm — May 2026

SKILLS

Languages: TypeScript, JavaScript, Python, Java, SQL, Go, C, HTML, CSS

Frameworks and AI: Next.js, React, Node.js, Tailwind CSS, Drizzle ORM, Zod, Clerk; Gemini, AssemblyAI, Sunbird AI

Data and Cloud: PostgreSQL (Supabase, Neon), MySQL, XAMPP, MongoDB Atlas, IndexedDB (Dexie), Cloudflare R2, Vercel

Soft Skills: Communication, public speaking, team leadership, collaboration, problem solving, mentoring, time management

Spoken Languages: Fluent in English, Madi and Lugbara

Certifications: Coursera: Everyday Excel (CU Boulder), Systems Analysis and Design, Introduction to Networking
